

Trouble choosing college course or career?

Want2Be

A decision-making technology that puts students on the right career path

*Software programmer?
Engineer?
Digital marketer?
How do I know?*

"I feel pressure to make a career choice without understanding the options"

- ★ 360 degree inputs from parents, family members, teachers, guidance counsellors...
- ★ ...and our software guides you to your ideal career path
- ★ Easy navigation through the career maze
- ★ All suitable career options explored

- ★ Make an informed decision in advance of the CAO deadline or before crucial subject choices in senior cycle
- ★ Plan your educational route

*"Do what you love?
That's way too vague for me.
Want2Be makes it all real"*

"Want2Be has the tools to help me understand the future and my career. It gives my family and friends the platform to share their thoughts about my key life choice in a safe environment"
